

# CALL FOR PAPERS

Pegasus: the network for mobility and transportation research in German-speaking countries.

## For the 15th Pegasus Annual Conference MOBILITY ON THE PATH TO TOMORROW

### POSSIBLE TOPICS

- Trends in mobility
- Progress in transportation
- Innovations & Technologies
- Sustainable Mobility
- Shared Mobility
- Social dimensions of mobility

### To-Do for the Abstract

Structure of abstracts:

(max. approx. 300 to 500 words)

- ✓ Format (presentation, poster etc.)
- ✓ Language (German / English)
- ✓ Keywords (3-5 words)
- ✓ Name of the organization
- ✓ Name of the presenter(s)
- ✓ Title of the presentation

Mobility is a fundamental human need that enables a self-determined life. On the one hand, it provides access to essential resources such as work, education, healthcare and social activities. On the other hand, mobility also entails considerable social, ecological and economic costs.

The 15th Pegasus Annual Conference is dedicated to the sustainable and socially acceptable design of future-proof mobility. This raises questions on topics such as accessibility, intermodality, artificial intelligence, mobility management and the sharing economy, which need to be addressed by various social stakeholders. The focus of the conference is on how we can shape the mobility of the future.

### Conference:

- Opportunity for discussions, engagement with diverse interfaces between mobility and transportation research as well as spatial and urban planning
- Consideration of different perspectives on the conference topics, inter- and transdisciplinary exchange
- We cordially invite doctoral candidates, post-docs, advanced students as well as planners and practitioners from all disciplines to participate in the 15th Pegasus Annual Conference in Kassel from October 11-12, 2024
- Informal platform on which completed or ongoing projects, research projects and methods of different stages can be presented
- Particular emphasis is placed on an atmosphere of mutual respect without hierarchical structures
- Participants are given the opportunity to outline initial project ideas
- Opportunity to discuss open questions in order to promote a lively exchange and receive constructive feedback
- Focus: thematic exchange; creation of professional networks

# CONTRIBUTION

We are offering various formats for participation in this year's Pegasus Annual Conference. Contributions can be submitted in German or English. You are free to choose the language of your presentation and discussion.

## Workshop (60 Min.)

Workshops are intended to provide space for in-depth discussions, the development of joint ideas or the testing of (digital) survey methods or simulation games developed by you. But other ideas can also be implemented and applied there. There are no limits to your creativity in designing a workshop.

## Poster and short presentation (5 min.)

Here you will have the chance to present your research project as a poster in a format of your choice. Creativity is required as well as the ability to shorten the content to essential and particularly interesting aspects. After the presentation, there will be time for questions and discussion in the plenum. The posters will be displayed in an easily accessible place for the duration of the conference.

## Science Slam (max. 10 Min.)

Would you like to try something new when presenting your research project? Then this format provides you the opportunity to present your project in an accessible style without many scientific terms, in a short, crisp and funny way.

All tools are permitted: PowerPoint presentation, props or live experiment? You decide. Afterwards, the audience decides which contribution was presented best.

## Classical lecture (15 min.)

In this presentation format, you have the opportunity to present your research project in a lecture. After the presentation, there will be time for questions and discussion in the plenum.

# SUBMISSION - ABSTRACTS

We welcome the submission of an abstract on the topic "On the road to tomorrow" with approx. 300 to 500 words by **28.07.2024** via [jahrestagung2024@pegasus-netzwerk.de](mailto:jahrestagung2024@pegasus-netzwerk.de). In addition to the preferred format, title and abstract, we ask you to provide your name, affiliation to your organization and the language of the presentation. Please also add three to five keywords to describe the topic of your paper.

See you in Kassel on October 11th and 12th!

The organizing team

Maik Bock (Uni Kassel), Paul Papendieck (Munich), Laura Gumbert (Nuremberg),  
Anna Vogel (Dortmund), Fabian Nickscha (HfWU), Miriam Eigert (Kassel),  
Katharina Csillak (Berlin), Christina Wisotzky (Köln)

If you have any questions, please contact us via [jahrestagung2024@pegasus-netzwerk.de](mailto:jahrestagung2024@pegasus-netzwerk.de).
